

EUROPE' S LARGEST BAKLAVA MANUFACTURER

25 million pieces of Baklava per year

When it comes to Baklava, we have something for everyone. We produce over 25 million pieces of Baklava per year. We pack so many formats, there is always a pack that can be selected for your portfolio, whether seasonal or all year round. Although the largest, we take great care in every detail and with every piece. In addition to Baklava we also produce our newly famed Filo Snaps.

From the heart of the Mediterranean

We make hand-cut and hand-crafted pieces of Baklava, like no other. Our crispy, sweet pastry product is delicately hand-made with the finest filo pastry leaves, filled with an assortment of different nuts, steeped in butter and then gently coated with a light syrup. Our relentless pursuit in the development of our Baklava, has enabled us to become the largest manufacturer of Baklava in Europe.

SHELF LIFE
UP TO 8 MONTHS

Global presence

From the UK to the USA, from South Africa to Australia, our baklava can be found in many prominent retailers. Retailers recognise and appreciate the consistent quality that we create and deliver.

By offering Private label to many 'Grade A' retailers, we have positioned ourselves as the leader in offering from Snack sizes to Club store offerings.

Finest ingredients & global standards

There is no compromise when it comes to making a superior product. Our willingness to 'better ourselves' and to strive to achieve greater standards is clearly reflected in the Awards and Certifications we have.

Our BRC GRADE A+, is the highest one can achieve within the food industry at a global level. But we go beyond this. In addition we are also IFS approved with Highest Grade rate. Our commitment to our clients requests and markets also have led us onto navigating the path to achieve Full certification from Official Halal and Kosher certified bodies.
